PROCESSING

Key to Business

Effortless

With PDC4U online software and an Internet connection, Check Processing has never been easier! No more trips to the bank. Simply type in the necessary information and click *Submit Payment*. Transaction information is available within seconds!

Funds Available Faster

Electronic Check Processing speeds up the deposit process and makes funds available much faster than traditional paper processing. Businesses can secure funds from customer's accounts much like credit card transactions.

The Payoff

Businesses can dramatically reduce NSF's, increase customer satisfaction, and reduce business operating costs. They'll wonder how they ever got along without it!

- **No Check Printing**
- **Cost Effective**
- **Secure**
- **Faster**
- **Easy!**

Electronic Cash Management

Businesses with access to the Internet can achieve increased performance benefits and significant savings by processing checks electronically. Funds can be available in as fast as 48 hours! If recurring payments are required, automatic payments are easy to set up. PDC4U uses state-of-the-art encryption technology to process each transaction securely. Transaction information is also available for downloading.
